ENGINEERING CURRICULUM CHANGES - EFFECTIVE MAY 1, 2015

GENERAL INFO

Academic Terms and Academic Years
Students who wish to take time away from the program, or plan for adjustments to the program that disrupt the “Academic and Work/Other Term Schedule” should discuss with their program advisor. Requests for leave of absences must be in writing.

Program Change Requests
Students who have completed at least one term (two terms for first-year students) of full-time studies in the BEng or BSEng programs at UVic who wish to alter the prescribed program must meet with their program advisor to map out their plans for program completion.

Program change requests, including requests for leaves of absence, should be submitted to the program advisor who will discuss as necessary with the Associate Dean and/or departmental office.

CENG & ELEC PROGRAM REQUIREMENTS

(Biomedical Option)
In addition to the standard Computer Engineering program courses, the Biomedical Option requires completion of the following four courses: BME 200, BME 201, ELEC 335, ELEC 435. This option also requires completion of the following course as one of the Technical Electives: ELEC 434

Technical Electives*
Students who entered the program via a bridge program must take at least two courses (i.e., 3.0 units) from the Special Bridge Students’ Elective List. A printable PDF version of the electives is available at <www.ece.uvic.ca/ugrad/bridge_electives.shtml>.

Academic Schedule:
CENG 241 now in Term 2A; ELEC 216 now in Term 2B

Academic Schedule: (Biomedical Option):
CENG 241 & ELEC 250 now in Term 2A; CENG/ELEC 299 & ELEC 216 now in Term 2B

Academic Schedule: Technical Elective Courses
A list of available courses, and the terms in which they are normally offered, can be found at: http://www.ece.uvic.ca/ugrad/electives-schedule.shtml.
Not all technical electives will be offered every year. Not all courses are offered in the terms listed. Please check the department course schedule website for planning: http://www.ece.uvic.ca/ugrad/courses.shtml

MECH PROGRAM REQUIREMENTS:
ENGR 400 removed from Year 4.
