

Request for Approval of a Natural Science Course

Instructions: The basic (natural) sciences component of the curriculum must include elements of physics and chemistry; elements of life sciences and earth sciences may also be included in this category. These subjects are intended to impart an understanding of natural phenomena and relationships through the use of analytical and/or experimental techniques.

Please use this form alone or in conjunction with a Program Modification form if approval will change the student's program plan. If a course is included on the Natural Science Course List, this form is for records purposes only and will not go on to the Student Programs Committee. Please ensure that the course approval is updated in Student Records (CAPP).

Resources:

Approved Natural Science Course Lists

<http://www.ece.uvic.ca/ugrad/science-elective.shtml> Electrical/Computer Engineering

<http://www.bseng.uvic.ca/pages/current/curriculum.html> Software Engineering

Part 1:

Student name: _____ Last, First (Please Print Clearly)	Student #: V00 _____
Request date: ____/____/____ Month / Day / Year	E-mail address: _____@uvic.ca
Course to be used as a Natural Science Elective: _____	
Course is already on the list and fits the program. <input type="checkbox"/>	
<i>For courses not on the approved list, the calendar description and course syllabus must be attached.</i>	
Course would fit the program if approved. <input type="checkbox"/>	
Student's Signature: _____	
Clarification of requested course (ie. already taken, future registration, via Letter of Permission, etc): _____	

Part 2:

Student Advisor Comments: _____ _____
Advisor's Signature: _____

Updated in CAPP: _____
