Year 2 Transfer Into Bachelor of Engineering or Bachelor of Software Engineering

Relevant courses

For students registered in other Programs or Faculties who are planning to apply for the BEng/BSEng Programs in the Faculty of Engineering for Year 2 and to participate in the competitive program declaration process, it is suggested that they take the following UVic courses:

Courses that will be used in the calculation of the competitive admission GPA:

- CHEM 101 (substitute for CHEM 150)
- MATH 100, 101, 211 (substitute for MATH 110)
- CSC 111 or CSC 110
- ENGL 135
- PHYS 110, 111

If students have already completed some first year courses and would like to take some second year courses that are relevant to Engineering, the following courses are applicable:

- CSC 115 (substitute for CSC 116) (not required for Civil Engineering)
- ENGL 225 or ENGR 240
- MATH 200, 204 (not required for Software Engineering)
- MATH 122 (for Software Engineering only)
- STAT 260 (substitute for STAT 254)
- PHYS 216 (substitute for ELEC 216) (not required for Civil, Software Engineering)
- CSC 230 (for Software Engineering only)

Course(s) that contribute to program requirements will be used in GPA calculations for the competitive program declaration process.

Course that could be taken and are likely¹ to contribute to a BEng/BSEng Program, but will not be used in GPA calculations for the competitive program declaration process are:

- Natural Science electives (for Computer, Electrical and Software Engineering only):
- Complementary Studies electives:

Other course suggestions may be available depending on discipline; please inquire at the Engineering Undergraduate Office, EOW 206.

The Bachelor of Engineering and Bachelor of Software Engineering only have one entry point per year in September. The application and documentation deadlines are April 30th and May 31st respectively. Current UVic students must complete an Undergraduate Faculty/Program Change Request prior to the deadline and the form is available through My UVic application, [www.uvic.ca/application](http://www.uvic.ca/application). Please note: the minimum GPA to apply to transfer in is a 3.0 GPA (that is at least a C+ average on UVic’s 9.0 grade scale). No individual courses below a C will be accepted.

¹ Check Program requirements in the Academic Calendar before registering.
