

Facilities Notice

Title: Scheduled Power Outage

Location: Hut R

Description: Facilities Management Electrical shop will be assisting the contractors working on electrical systems in the Hut R under Project F01271 EDC2 Infrastructure Expansion. For the safety of workers the power to various electrical panels in the building will be required to be shut down.

It is expected that this will be a very brief power disruption (perhaps 15 minutes in total) as temporary power systems are connected to the panels.

As this power outage may affect various areas throughout the building, we are advising that everyone power off equipment as you leave the building on Friday, September 14, 2015.

It is recommend that electronic equipment, such as personal computers, facsimile machines, electronic and laboratory equipment be unplugged from power receptacles to avoid the risk of damage that could result from voltage fluctuations which may occur during this work.

Please **DO NOT** unplug any telephone sets.

Time frame: Tuesday, September 15, 2015 between 7:00 a.m. and 8:00 a.m.
