Title: Domestic Hot and Cold Water & Compressed Air Shutdowns

Location: Elliott Building

Description: As a result of renovations to the second floor labs, Facilities Management will be working with the contractor to shut down the domestic hot and cold water servicing the **entire building** over the upcoming weekend. The compressed air will also be temporarily shut down and isolated to the second floor labs.

During this work there will be no domestic hot or cold water in the building with the exception of the toilets which are anticipated to be functional.

Note: This water shutdown **will affect** the availability of the emergency eyewash stations and showers.

Time frame: Compressed Air Shutdown:
Friday, November 20, 2015 at 4:00 PM for approximately 1 hour

Domestic Water Shutdown:
Friday November 20, 2015 at 7:30 PM until
Monday November 23, 2015 at 8:00 AM
