Title: Urgent Repairs to Campus Storm Sewer System

Location: Hut E | Lot 2

Description: Facilities Management is required to make urgent repairs to the Campus storm sewer system located on the south side of Hut E and north side of Lot 2.

The electricity will be turned off in Hut E between 08:30 a.m. and 04:00 p.m. November 30, 2015.

Excavation work will be conducted to the south of the hut. Appropriate barriers will be erected for the duration of the work. The Lot 2 road way on the north side of the lot may be partially affected in order that one way traffic be maintained in the immediate area. Some noise and vibration may be experienced close to the worksite. This work will commence Monday morning and is estimated to conclude Tuesday, December 1, 2015.

Time frame: Monday, November 30, 2015 between 07:30 a.m. and 05:30 p.m. and conclude Tuesday, December 1, 2015
