Facilities Notice

Title: Excavation on Ring Road

Location: Ring Road – west of Lansdowne Residences

Description: Fortis Gas will be disconnecting a redundant gas branch line which lies under Ring Road. The work will require excavation and there will be traffic controls in place. One traffic lane will be out of service for a few days.

This work will take place on the week of August 3rd 2015. The plan is complete the work by end of the week, including road repairs. A gas meter and service will be removed from the Lansdowne Building group as part of the work.

Time frame: August 3rd to August 7th, 2015
