Facilities Notice

Title: Heating System Steam Leak

Location: Manhole #21

Areas Affected: Administrative Services and Continuing Studies Buildings

Description: Facilities Management Mechanical Shop is working on an emergent steam leak in Manhole #21. This system provides heat to the above noted buildings. Facilities Management is currently determining the extent of the repairs required and will keep clients informed as to the status of repairs as they are known. It is anticipated that the heat will be down for the rest of the day.

Time frame: October 20, 2015 until further notice

Facilities Management contact: John Beaulac, Mechanical Shop Supervisor
