Facilities Notice

Title: Fire Hydrant Pressure Testing

Location: Visual Arts Building and Interfaith Chapel

Description: Water in the Visual Arts (VIA) and the Interfaith Chapel (CHA) Buildings may be murky for part of the day on Tuesday, February 21, 2017. This turbidity is a result of a hydrant flow test on a nearby building by a contractor.

Please note, this water does not pose any health concerns, it is simply unsightly. This situation can be rectified by running the water until it is clear.

Time frame: Tuesday, February 21, 2017

Facilities Management contact: John Tierney, Project Manager
