Facilities Notice REVISED DATE

Title: Excavation adjacent to Petch Building

Science Buildings Renewals Project

Location: North of Petch Building, East of Breezeway Ramp

Description: Excavation will take place adjacent to the Petch Building as part

> of the expansion of an access well that serves electrical room PCH 047a. Please refer to the attached map for the approximate

location. Due to the noise generated by the excavation equipment, this work will occur on the weekend. Excavation equipment may temporarily block North access to the breezeway.

Time frame: Saturday, July 8, 2017 (approximately 8 am – 12 noon)

Facilities Management contact: Scott Kingham, Senior Project Manager

Secondary contact: David Hill, Senior Project Manager
