Facilities Notice

Title: Saunders Workshop #1 Seismic Upgrade - Construction Work Zone

Location: Saunders Workshop #1 near Saunders Office Building

Description: Perma Construction is proceeding with the construction work at Saunders Workshop #1, and the building will be enclosed by a security fence (see attached sketch). Access into Workshop #1 and associated exterior spaces shall be confined to the Contractor, tradespersons and their suppliers. FMGT staff should note that they are not permitted to access or park within the boundary of the security fence. If access to Workshop #1 is required, please initially contact the undersigned.

The smoking station presently located outside the Paint Shop is being relocated as noted.

The 2 EV charging stations will be extended to the exterior of the security fence, to enable EVs to be plugged in.

Please observe all construction signs posted, and ensure that via truck, gator or when walking - to safely confine your travel route to outside of the construction zone.

Your patience and cooperation during this phase of the seismic upgrade of the Saunders Workshop #1 is appreciated.

Time frame: September, 2017 through January, 2018

Facilities Management contact: Nazir Jessa, Consulting Project Manager
