

FACILITIES MANAGEMENT

Saunders Building

PO Box 1700 STN CSC Victoria BC V8W 2Y2 Canada

Title:	Bob Wright Centre – Update of DDC Systems – Replace Controllers
Location:	Bob Wright Centre – B-Wing
Description:	<p>Facilities Management is working with SRD Controls on the replacement of Direct Digital Control (DDC) system controllers that control the heating, ventilation, and air conditioning (HVAC) in the Bob Wright Centre.</p> <p>The first phase of this work will be the installation of new data cabling to each lab on the second and third floor of B-Wing. This work will mostly take place in the hallways but will branch into each lab to the ventilation controller location.</p> <p>There will be no impact to any systems during this phase.</p>
Time frame:	<p>Third floor labs – Monday, January 9 to Friday, January 13, 2023</p> <p>Second floor labs – Monday, January 16 to Friday, January 20, 2023</p> <p>7:00am to 4:00pm each day</p>
