Welcome to all Families at the University of Victoria

By Sonya Chandler

We at the Family Centre want to take this chance to welcome each and every family to campus this September. We are excited that another busy year is starting and are ready and waiting to help you have a positive experience as a student with a family! We invite you to stop by the Centre and see what resources we have to offer as well as meet some other people who are in similar situations. Currently we have a toy library as well as book lending libraries for children and youth. We have resource books and a fiction section for adults too! You can stop by with any questions related to school life, parenting, housing on and off campus, health and wellness, transportation options, community garden info, food bank info, childcare options...you name it! One of us or another family member at the Family Centre should be able to help you find some answers and/or support.

There is a special insert to the newsletter this month detailing the upcoming UVic orientation activities for students with families. Please contact the Family Centre if you need additional copies. We have many exciting new programs starting this month, including a weekly Yoga class, a Saturday kids’ hour, and a bi-monthly cooking cooperative. See the News & Views insert for details and times of these and all our ongoing programs. We look forward to seeing you at the Family Centre at one of our programs or any time we are open!

New Parking Rules Take Effect September 1st

For everyone with a car in Family Housing, please remember that the University’s new parking rules take effect September 1st. Families living in Family Housing are no longer able to park their cars in the areas near their townhouses or apartments without purchasing the new “FH” parking permit. This permit is valid only in the assigned Family Housing stall bearing the permit number and in General parking at the Ian Stewart Complex. It is not valid anywhere else on campus. The FH permit is available from the Campus Security office for $132.50, which is, they remind us, 50% of the cost for a General pass. If you have a second vehicle, you will also need to purchase a regular General pass at the regular price and park in General parking. Also, visitors to residents of Family Housing will have to purchase General permits from the dispensers. Visitor permits will be required from 7am to 6pm Monday to Friday.

Parking assignments have also been revised along with the introduction of pay parking. This may mean a change from the stall you are currently assigned. Campus Security advises that these new assignments are final and no request for personal preference will be considered.

Please contact the Parking Office at 721-6683 if you have questions about any of the new parking regulations. The Office is open from 8am to 4:30pm Monday to Friday.
Native Students Union Welcoming Feast
The UVic Native Students Union is hosting a Welcoming Feast which will be held in the Student Union Building in Vertigos from 5-9pm on September 14th. The event will feature Traditional Aboriginal performers and it is meant to offer an opportunity for the Native Student Union and UVic's faculty and our Aboriginal community members and elders to reach out to incoming First Nations/Metis/Inuit students, as well as a chance to reconnect with returning students.

Our Family Suggests...
In this recurring column, we will hear about activities and events suggested by residents of Family Housing. Is there something that your family likes to do? Send us your recommendations!

This month, Andrea gives some good tips on enjoying the local fall fairs.

There is nothing quite like a good old country fair, complete with dogs herding ducks, the freshest milkshakes around, corn on the cob, live music and dancing, blue ribbons for the best peach preserves, and 4-H clubs from all over Vancouver Island showing animals of all shapes and sizes. Of course, there is a midway as well, but we suggest eating lunch after the rides!

SAANICH FAIR  September 3rd - 5th. Celebrating its 138th anniversary! 1528 Stelly's Cross Rd, Brentwood Bay. Lots of free parking, or take public transit Bus #75. Adults $8, Youth $5, under 6 Free! Check www.saanichfair.ca for more information.

SOOKE FAIR: Sept 10th & 11th, in Sooke, turn right at Otter Point Rd or Eustace Rd. Lots of entertainment, animals, a pet parade, and local art! See www.sooke.org/fallfair for more information.

Children's Corner
We asked Khalid and Areg, two busy workers helping to reorganize the newly renovated Family Centre, “What are you looking forward to most in the new school year?”

KHALID, age 9: “When I get back to school I will see my friends and my teachers. The best thing to do is play baseball with my friends!”

AREG, age 11: “When I go back, I will see my teachers and my friends and my principal. I am going to another school -- I will be visiting both, and making new friends. But there isn’t any playground to play in, so I will just play and hang out. And I will be meeting other teachers, too -- I hope they are nice!”

Lunch Munch
Try celery boats, filled with:
- Peanut butter
- Cream cheese
- Hummus
- Ricotta cheese
- Almond butter
- Raisins

What is it?
It is in the rock, but not in the the stone;  
It is in the marrow, but not in the bone;  
It is in the bolster, but not in the bed;  
It is not in the living, nor yet in the dead.
Benefits of Yoga

This month, a weekly yoga class begins at Family Housing. Please look for the details in the News & Views insert!

So why practice yoga? How would a student and/or parent benefit from it? A short answer is: yoga makes you feel better! Yoga involves diet, exercise, meditation, and compassion; all of which makes you healthier mentally, spiritually, and physically. A good yoga session brings a calm and peace from within that mere exercise can't accomplish, and a physical sense of well-being that meditation alone lacks. It's a time for you to chill out, relax, and take a well-deserved break from the books and/or kids! Not only will you shape up and feel better about your body, but your mind will feel clearer and more focused when it comes to studying and test-taking.

Other benefits include:

- Improved muscle tone, flexibility, strength and stamina
- Reduces stress and tension
- Boosts self esteem
- Improves concentration and creativity
- Reduces fat
- Weight loss
- Improves circulation
- Stimulates the immune system
- Creates a sense of well being and calm

The Good Food Box

Why Buy Produce This Way? Because...

- Collectively, our money pooled together gets us more quality produce for less money
- As a volunteer run collective, our money goes directly to purchasing produce
- It increases our access to fresh fruit and vegetables: local and/or organic when available and affordable.

How Do I Get My Box?

- On the second Wednesday of each month, drop your money off at the Family Centre
- On the third Thursday of each month, you can pick up your box at the corresponding community center in the late afternoon
- In Victoria, there are currently four different boxes. There is a Fruit and Veggie Box for either $5, $10, or $15 and there is also an All Fruit Box for $12. A $5 box is good for about one person.
- Typical box items include the basic staples such as potatoes, carrots, onions, garlic, apples, oranges, bananas, and are accented with other seasonal items.

ATTENTION FATHERS! Ever wonder how to make a documentary film? What equipment to use? How to get the interviews?

How to piece the footage together? A student from the UVic Graduate School of Social Work is conducting a research project that involves providing fathers of young children with the opportunity to make their own documentary film. Dads will get the opportunity to make their own 10-15 minute documentary film that addresses their combined experiences of fathering a small child and being enrolled as a post-secondary student. This will be a fun and hands-on project that is scheduled to start in September. The project's time constraint will be flexible and accommodate each participant's busy schedule. For more information please phone Roderick Taylor (360-2913) or the UVic Family Centre (472-4062).

REMEMINDER: Family Centre Guidelines
by Sonya Chandler, Director.

The Family Centre is a place for EVERYONE! We have an open door policy, meaning that any time we are open you are welcome to come in and access our resources. No matter what program is running or what is happening at the Family Centre, you are always invited to come and get something from the library, pick up a copy of the newsletter, ask a question, use the phone... But we do ask that....

- When there are programs running (like Cooperative Cooking) that you only stay at the Family Centre if you are there to participate in the program that is running, allowing those people that want to participate the full space and attention of the program leader.
- Also, some programs are for specific ages, (like Cool Science) so we ask that children that are too young or are for whatever reason unable to participate in the program do not attend for long periods and while they are at the Family Centre are closely monitored by parents.
- Lastly, when volunteers/staff are at the Family Centre to help with children we all must remember that these people are not there to care for children or babysit, they are simply there to help entertain the children and support parents. Parents are responsible for monitoring their own children in regards to safety and behaviour while inside or outside of the Family Centre.

Thank you for your understanding. We hope that these guidelines will make everyone’s time at the Family Centre enjoyable, comfortable and safe.
