Canadian Graduate Student Research Mobility Agreement (CGSRMA)

Preamble
As research becomes increasingly interdisciplinary and networked, and as research equipment becomes more specialized and expensive, graduate students from one university may have to spend time at another university in order to complete or enhance their research. CAGS wishes to encourage graduate student mobility within Canada in order to foster the exchange of ideas, specialized training, research collaboration, and interdisciplinarity.

The Agreement sets out a protocol for institutional recognition of visiting graduate research students. Universities that have agreed to participate in this process are listed separately. Universities that wish to participate should contact CAGS.

Many provinces and some regions already have agreements that facilitate mobility of graduate students who wish to take courses at other institutions, and there is also a national agreement for this purpose. This Agreement does not pertain to courses, but exists to facilitate visits by graduate students to other institutions in order that those students are able to participate in research activities and be recognized as legitimate visitors to the host campuses. We know that such visits currently take place by informal arrangement, but there are risks inherent in that informality.

Terms
a. Graduate students registered at a home university may be registered as “visiting graduate research students” at host institutions

b. No fee will be charged to visiting graduate research students provided they are registered full time, are paying fees at their home institutions, and are not taking courses at the host institutions. However, incidental fees may be charged at the discretion of the host university.

c. A faculty member at the host institution must agree to supervise and take responsibility for the visiting graduate research student during his/her stay. It is recognized that it is the responsibility of the visiting student to find a supervisor at the host institution.

d. Visiting graduate research students are expected to have access to basic research services (e.g. library, e-mail access, computing) and to basic student services (e.g. recreation facilities, provided that the incidental fees, if applicable, are paid) at the host institution. They are not expected to have access to health and other benefits plans, transit passes, etc. paid from tuition and other student fees at the host institution, although individual institutions may wish to arrange for this.
e. There will be written agreements between the visiting graduate research students, home supervisors and host supervisors concerning issues such as intellectual property, stipend and benefits, travel costs, access to research equipment and supplies, research ethics, space etc. (see sample template for such an agreement).

f. It is recognized that acceptance of any visiting graduate research students is at the discretion of the host institution.

g. The Agreement is not intended to replace any existing arrangements between institutions.

**Process and Administration**

a. A research visit must be arranged initially by the supervisor (or equivalent) at the home university of the visiting graduate research student and by the proposed supervisor at the host institution.

b. The supervisor will submit to the Dean of Graduate Studies at the home university the following:
   (i) A letter from the host supervisor and department head/chair confirming his/her willingness to supervise, and confirming what arrangements have been made with regard to all aspects of the visit, including access to facilities (e.g. collections, equipment), intellectual property, stipends and benefits, timing of the visit, ethical approval of research etc. This letter must be counter-signed by the student and the supervisor at the home university.
   (ii) A completed visiting graduate research student form signed by the graduate program chair of the home institution.

c. Upon approval by the Dean of Graduate Studies at the home university, the form and other documentation will be forwarded to the Dean of Graduate Studies at the host institution. The Dean of Graduate Studies of the host institution will communicate acceptance of the visiting research student to the applicant and to the supervisor at the host institution.

d. Upon arrival at the host institution, the visiting research graduate student will register at the office of the Dean of Graduate Studies (or equivalent), and pay any required incidental fees. The visiting research student will be expected to provide proof of full-time registration at the home institution.

e. The visiting graduate research student will be registered for the length of time requested on the visiting research student form. With the approval of the home supervisor, host universities may define their own process for dealing with requests for extensions.

This agreement will be subject to review after a period of three years. Any institution that is signatory to this agreement may withdraw from it by giving six months’ notice in writing to the Canadian Association for Graduate Studies.

Sample Letter 1. Canadian Visiting Research Student Agreement

Dr. A. Jones
Department of Chemistry
University of Southern Canada

Dear Dr. Jones,

This confirms the arrangements for the visit of B. Smith from October 1st to November 30th 2006. I will serve as her temporary supervisor while she is working on her doctoral research in my lab.

She will receive training from our technician in the use of the equipment she requires. I understand that she is bringing her own samples, and will not be participating in my research group’s experiments. We will not be paying any of her stipend or travel costs, but the costs of equipment time will be provided free of charge. In addition she will have access to a lab bench with high speed internet connections. I understand that you will cover lab supplies and that we should bill you directly for this.

Please ensure that the enclosed ethics forms are completed and submitted as soon as possible. Ms. Smith will not be able to commence her work covered by these applications until approval has been granted. Adjudications of ethics applications typically take approximately six weeks to complete. Please also ensure that Ms. Smith is aware of the requirement that she is responsible for maintaining her own extended health insurance coverage while she is at the University of Victoria.

Ms. Smith has been advised about the University of Victoria’s intellectual property policy and the bearing that it may have on her research.

I will meet on a weekly basis with Ms. Smith to ensure that her research is progressing smoothly while she is here.

Sample Letter 2. Canadian Visiting Research Student Agreement

Dr. A. Jones
Department of History
University of Eastern Canada

Dear Dr. Jones,

This confirms the arrangements for the visit of B. Smith from October 1st to November 30th 2006. I will serve as her temporary supervisor while she is working on the archive of A Famous Canadian.

Please ensure that she has contacted our Librarian about access to the collection. Although laptops are permitted in the archives, there is no internet access.

The Department of History cannot provide office space, but it may be possible to find some temporary space in the Library. You had asked about access to housing. Our residence does have space for visiting students. Please contact them directly to book a room.

Please ensure that the enclosed ethics forms are completed and submitted as soon as possible. Ms. Smith will not be able to commence her work covered by these applications until approval has been granted. Adjudications of ethics applications typically take approximately six weeks to complete. Please also ensure that Ms. Smith is aware of the requirement that she is responsible for maintaining her own extended health insurance coverage while she is at the University of Victoria.

Ms. Smith has been advised about the University of Victoria’s intellectual property policy and the bearing that it may have on her research.

I will meet every two weeks with Ms. Smith to ensure that her research is progressing smoothly while she is here.
