

Please complete Section 1 and return this form to the EPHE Academic Advisor who will determine if you are eligible for admission to the BSc (Kinesiology) Honours program.

SECTION 1

I wish to be considered for admission to the BSc (Kinesiology) Honours program.

Name:

Student number:

Email:

Signature: Date:

EPHE Academic Adviser use:

EPHE 357: Completed In-progress

Year 3 standing (≥ 27 units completed): Yes No

GPA ≥ 6.5 on ≥ 9.0 units in EPHE courses (excluding EPHE 104-137): Yes No

Application eligibility confirmed:

Once you have applied to an EPHE Faculty member and they have indicated their in-principle approval to supervise your BSc (Kinesiology) Honours project you should ask them to complete Section 2 of this form.

You should submit the completed form to the EPHE Academic Advisor who will then add Honours to your curricula.

SECTION 2

I agree to supervise the student listed above for an Honours project that meets the standards required of the BSc (Kinesiology) Honours program (See reverse).

Supervisor's name:

Supervisor's signature:

Topic area:.....

Information about the BSc Kinesiology Honours program

The Honours option in the BSc (Kinesiology) program is intended for motivated, self-directed students who wish to engage in research during their undergraduate program. For students intending to work as kinesiologists, the Honours program develops competencies in reading and implementing relevant research findings in kinesiology practice, as well as, in conducting action research to enhance professional practice. For students considering post-graduate study, the Honours program may be of benefit when applying for admission to degrees such as MA, MSc, MSc (PT), MSc (OT), MD or PhD.

To be admitted to the Honours program a student must:

1. Have completed or be registered in EPHE 357
2. Have 3rd Year standing (i.e., have completed 27 or more units)
3. Have a minimum 6.5 grade point average on a minimum of 6.0 units of EPHE courses (excluding EPHE 104-137)

The BSc (Kinesiology) Honours program is a 61.5 unit degree. The following changes are made to the BSc (Kinesiology) curricula when Honours is added:

1. EPHE 357 (1.5 units) is added as a required course
2. EPHE 499 (3.0 units) is added as a required course (NB, registration in this course requires completion of an Undergraduate Pro Forma Course Registration by the Honours student and their supervisor)
3. 300- or 400-level EPHE electives are reduced by 1.5 units from 7.5 units to 6.0 units
4. 1.5 units of 100 or above electives are removed

It is strongly recommended that students complete STAT 255 before commencing their Honours project.

All requirements of the BSc (Kinesiology) Honors programs should be completed within five academic years.

A BSc (Kinesiology) Honours degree will be awarded to a student who:

1. Completes an Honours project that normally includes:
 - a. Hours of work equivalent of 3.0 units of course work
 - b. In depth involvement working with research data (i.e., collecting and/or analyzing data)
 - c. A written document of sufficient substance in both length and content that directly presents research related to the Honours project
 - d. An oral presentation to the BSc (Kinesiology) Honours peer cohort in the spring of the year the student graduates
2. And who obtains:
 - a. A graduating grade point average (GPA) of at least 5.0
 - b. A GPA of at least 5.5 for all 300- and 400-level EPHE courses
 - c. A grade of at least a "B" in EPHE 499 (NB, a student who achieves a grade lower than a "B" in EPHE 499 will graduate under the major program, providing all other requirements of the program are fulfilled)
