Call for Applications - Leadership Victoria

Leadership Victoria delivers a nine-month values-based leadership development program for emerging leaders in the public, private, and not-for-profit sectors. In addition to approximately 100 hours of facilitated leadership training from noted experts in community leadership, participants use a team-based community service project as a hands-on “learning lab” to test and grow their skills.

This experiential program allows emerging leaders to develop their own leadership style and build confidence in their ability to lead among peers, to reach out and influence decision-makers, and to mobilize community around a vision.

Get ready for a leadership journey like no other!
