**Background**

Leadership Victoria provides emerging leaders with opportunities to develop and practice leadership skills. The program emphasizes practical experience and exposes participants to current regional issues as a context for skill building. Leadership Victoria helps participants become aware of the many issues facing our community and develop leadership skills to prepare them to face those challenges. The program focuses on the following core elements: Community Understanding, Community Awareness and Commitment, and Leadership Capacity Building (including personal growth, group work, and community work).

**Selection**

UVic has two dedicated seats in this program. UVic participants are selected by the UVic Leadership Victoria Selection Committee based on this application and a selection interview. Selected UVic candidates will later meet with a member of the Leadership Victoria executive to confirm they meet the criteria for the program.

**Information Sessions**

All those who are interested in applying to the program are encouraged to attend an Information Session hosted by Leadership Victoria. See reverse side for time, date, and location information. Please note RSVP is required to attend the session.

**Applicant’s commitment - Tuition**
