SENIOR UNIVERSITY ADMINISTRATORS COURSE

June 11–16, 2017 Winnipeg, Manitoba

Join us at the Fort Garry Hotel, located just steps away from The Forks, a 6,000 year-old meeting place, and the world-renowned Canadian Museum for Human Rights.

What to expect: Senior academic leaders face a formidable array of challenges ranging from fiscal constraints to accountability along with new budget models and an evolving educational context. SUAC 2017 will provide a valuable opportunity for administrators to reconcile leadership goals with accomplishments, or to assess and renew leadership skills. It will consider the major issues and trends impacting higher education, share essential techniques for managing the interpersonal aspects of an academic leadership role, and provide the specific tools to assist in managing day-to-day operational needs. Led by a team with extensive senior university experience, the program will incorporate case studies, interactive presentations, discussions, and one-on-one consultations. In recognition that participants will bring varying perspectives and represent a diverse range of institutions a community of practice approach to learning will be implemented.

Audience

Presidents, Rectors, Principals, Provosts, Vice-presidents, Associate Vice-Presidents, Deans, Associate Deans, Registrars, Chief Librarians, Senior Directors of Services

Instructional Team

Dr. Michael Atkinson, (former Provost and Vice-President Academic), Professor, Johnson-Shoyama Graduate School of Public Policy, University of Saskatchewan

Mr. Philip Stack, Associate Vice-President of Risk Management Services, University of Alberta

Dr. Maureen Mancuso, (former Provost and Vice-President Academic), Professor, Department of Political Science, University of Guelph

Additional Guest Presenters

To celebrate CHERD’s 30th anniversary at the University of Manitoba, graduates of SUAC will share the positive impacts the program has had on their roles as senior administrators in Canada’s colleges and universities.

Key Topic Areas

Leadership Essentials: Interpersonal role in leadership, professional responsibility and performance management, mentoring, recruitment and onboarding issues resolution, and work-life balance.

Evolving Context: Major funding trends, research, competition, focus on outcomes, teaching and learning, governance changes, and diversity.

Managing the Operational Needs of Your Unit: Budgeting and resource management models, strategic planning fundamentals, responsibility centered management (RCM), prioritizing programs and leveraging resources, and using data effectively for decision-making.

Fees

$3,650 CDN (includes tuition, materials & some meals)
