

Coordinator of Indigenous Student Support

*Crystal Seibold*

Hello, my name is Crystal Dawn Seibold and I am Woodland and Plains Cree originally from La Ronge Saskatchewan. I would like to start by acknowledging the Coast and Straits Salish Territory. I have been fortunate to be living and learning here for the past 8 years. I am the new Coordinator of Indigenous Student Support for the Office of Indigenous Affairs. My office is located in hallway of the First Peoples House. I have a Bachelor of Arts with a major in First Nations Studies from Vancouver Island University and I recently graduated from UVic with a Bachelor of Social Work. I am here to support new and current Indigenous students, so please don't hesitate to drop-in — my door is always open. I have information about services and resources on and off campus, plus scholarship and bursary information. I can also help you get around campus and answer any other questions that you may have. I look forward to meeting all of you and wish you well on your education journey!
