

Epson 9890 - Fine Art Reproductions

2880 x 1440 DPI - 200 Year Print Lifespan

For Fine-art reproductions and lifetime colour-fastness without the need for lamination, our Epson 9890 produces unmatched resolution, vibrant colours, and amazing black and white prints suitable for framing and display in galleries or personal collections.

Aqueous Pigment Inks utilize technology that mimics traditional pigment based media such as acrylic paint.

Our house stock is 7mil Epson semi-gloss photo paper for the highest quality print possible, and with a 44" wide roll we can reproduce artwork at a substantial scale.

Epson SureColor - Value Printing

1440 x 1440 DPI - 3 Year Print Lifespan (10 years with lamination)

For the best value without sacrificing quality, our Epson Eco-Solvent Printer produces incredible prints with vibrant colours on a wide range of materials; and at an unbeatable price.

Eco-Solvent Inks allow us to print a wide-range of materials while keeping our impact on the environment as low as possible.

Our house stock is 7 or 10mil semi-gloss photo paper on a 50" roll. We also offer prints on vinyl, canvas, banner, mesh and many other materials as well (call for details, prices will vary).
