# Public Lecture

TIE Talks are a series of public events showcasing Technology Innovation in Education

## Alec Couros

Professor of Educational Technology  
University of Regina

## How Social Networks & Openness Are Transforming the Future of Teaching & Learning

Wed, 13 June 2012, 3:00 – 4:00PM  
Social Science & Math (SSM) Building, A110

Presented by **University Systems** and the **Technology Integration and Evaluation (TIE) Research Lab**

Dr. Alec Couros is an Associate Professor of educational technology and media at the Faculty of Education, University of Regina. He has given hundreds of workshops and presentations, nationally and internationally, on topics such as openness in education, networked learning, social media in education, digital citizenship, and critical media literacy. His graduate and undergraduate courses help current and future educators understand how to use and take advantage of the educational potential offered by the tools of connectivity.
