

Presented by the University of Victoria,

Department of Chemistry:

Professional Development Workshop for High School Science Teachers

“Chemistry activities and information to inspire future scientists.”

Date: Friday, May 17, 2013

Location: University of Victoria, Elliott Building and Bob Wright Centre

Schedule:

9:00 – 9:15 AM: Meeting, greeting, and coffee. Elliott Building 3rd floor lobby.

9:15 – 9:45 AM: What students should expect in first year university and first year chemistry, including a sample of a Chemistry 101 lecture. Presented by Dr. Scott McIndoe.

9:45 AM – 12:00 noon: First year lab experience. Try your hand at a typical first year chemistry lab. Presented by UVic Chemistry Laboratory Instructors and Dr. Matt Moffitt.

12:00 – 1:00 PM: Lunch (provided, covered by registration fee). Hosted by Dr. Matt Moffitt.

1:00 – 1:45 PM: Planning and preparing safe and inexpensive experiments for your classes. Demonstrated and explained by Drs. Natia Frank and Scott McIndoe.

1:45 – 2:15 PM: Tour of teaching labs, research labs, and classrooms.

2:15 – 3:00 PM: New and exciting chemical discoveries that will enthrall your students! Presented by UVic Chemistry Professors: Drs. T. Fyles, R. Hicks, F. Hof, L. Rosenberg, F. van Veggel, and J. Wulff

3:00 – 3:15 PM: Chemistry as a professional discipline. Presented by Dr. Tom Fyles, Professional Chemist and Professor of Chemistry.

Register today! Call 250-721-7153 or email: rpulez@uvic.ca

Cost: \$50.00
