D) After the department nomination supervisor(s) will be asked to provide a reference letter with comments on their student's eligibility for each particular award(s) they are being nominated for.

Bob Wright Scholarship (2 awards @ \$12,500.00 each)

Scholarships are awarded to outstanding full time and part time graduate students in the Faculty of Science who have demonstrated an interest in oceans through course work, co-op experience, graduate research or work experience. Selection of the recipients will be made by the Graduate Awards Committee upon the recommendation of the Faculty of Science.

Briefly explain what makes you a strong candidate for the Bob Wright Scholarship:

Dr. Arne H. Lane Graduate Fellowships in Marine Sciences

(\$65.5K split into 6-8 awards)

Fellowships are awarded to outstanding graduate students in Marine Sciences. Selection of the recipients will be made by the Graduate Awards Committee upon the recommendation of the Faculty of Science. The nominee's research program should have a recognizable component that deals with marine sciences in some form.

Briefly explain what makes you a strong candidate for the Dr. Arne H. Lane Grad Fellowships in Marine Sciences:

David & Geoffrey FOX Graduate Fellowship (1 award @ \$4800)

One award is given to a graduate students in either the Dept. of Greek and Roman Studies or the Faculty of Science (FOS) – this year is open to the FOS.

Briefly explain why you should be considered for the FOX Graduate Fellowship:
