**Academic Writing Requirement:** If you have not already satisfied UVic’s **Academic Writing Requirement**, you will need to complete one of ENGL 135, 146 or 147 (or another other approved course) in addition to your program requirements. See [www.uvic.ca/awr](http://www.uvic.ca/awr) for details.

---

Refer to the [University of Victoria Academic Calendar](http://www.uvic.ca) for a complete list of course selections. Although every attempt has been made to ensure the information on this worksheet is accurate, in the case of any discrepancy the Academic Calendar shall be considered the authority.

Additional information for first-year and current students can be found at www.uvic.ca/advising. From the home page, click the link for the student category that best describes your current standing. For more information on using the UVic course registration system, visit www.uvic.ca/course-registration.

Reading this worksheet
For requirements that offer a selection of courses, there is not always room on the worksheet to include all options. Where a course range is not explicitly listed or includes an ellipsis ("…") you should refer to the entry for your program in the Academic Calendar for a complete list of options.

Courses already complete
You can find a list of the courses you have already taken at UVic, as well as a list of courses for which you have received transfer credit by reviewing your Administrative Transcript from your My Page account.

Pre- and corequisites
Course prerequisites are listed in the Academic Calendar and must be satisfied before beginning any given course. Any listed corequisites must be completed before or at the same time as a given course. Make sure you review the requirements carefully before registering.

Choosing electives
UVic requires all students to take a minimum of 60.0 units of post-secondary coursework as part of their degree. In most cases, you’ll need only 18.0 to 30.0 units to satisfy the specific course requirements of your major and “elective courses” will make up the difference.

Electives can be chosen from any area of study and taken in any year, as long as you meet the prerequisites. Use these courses to explore different areas of study or include a minor or second major.

Declaring your program
After completing 12.0 units of coursework (including transfer credit), you are eligible to declare your program. To declare, complete a program request form through My Page by visiting www.uvic.ca/declareme. Once your request has been approved, you’ll be given access to an online degree evaluation (CAPP) report that shows your progress towards the requirements for your program and the university. You can continue to use this worksheet for planning purposes, but the degree report is your official record.

Program notes

1. Mathematics requirements should normally be completed by the end of Year Two.

2. Social Sciences courses can be at any level, chosen from Anthropology (ANTH), Environmental Studies (ES), Geography (GEOG), Political Science (POLI), Psychology (PSYC) and Sociology (SOCI), but NOT Economics and NOT the following: ANTH 317, ES 312, 344, GEOG 226, POLI 321, 339, PSYC 300A, 300B, SOCI 271. PHIL 220 or 223 is also accepted for this requirement.

3. If you have received a minimum grade of B+ in ENGL 135, 146 or 147, or passed ENGR 240, you do not need to take ECON 225 and can replace it with another elective. ECON 225 is a prerequisite for many 300-level Economics courses and should be completed by the end of Year Two.

4. ECON 245 and 246 (or STAT 260 and 261) must be completed by the end of Year Three.

5. Two of ECON 405B...MATH 477 (for Finance Option) must be included across the ECON 300/400-level or electives chosen in Years Three and Four for the Finance Option. See Economics section of the Academic Calendar for the full list.

6. ECON 329 and 383 will count ONLY as electives in Economics programs.

7. Students wishing to proceed to graduate studies in Economics are advised to include MATH 208, ECON 350, 351, 365, 366, 400 and 401. Please contact the Economics Department for more information.

Student responsibility
You are responsible for the completeness and accuracy of your registration and for determining the requirements of your program.

Always read course descriptions before you register to determine if you have the necessary prerequisites, and pay attention to notes on mutually-exclusive and cross-listed courses (pairs of courses in which credit will be awarded for only one).
