**Prerequisites:** PSYC201 & PSYC260

**Class Time:** Monday-Friday – 2:30pm – 4:20pm, July 5 to July 27, 2023

**Classroom:** Clearihue Building, C112

**Required Text** Lee, C. M., & Hunsley, J. (2018). *Introduction to clinical psychology: An evidence-based approach (4<sup>th</sup> edition)*. Hoboken, NJ: John Wiley & Sons.

### Course Description and Learning Outcomes

This course will introduce you to the field of Clinical Psychology and its distinct place within mental health care. Particular attention will be paid to the roles that clinical psychologists perform including assessment, therapeutic intervention, diagnosis, and case formulation. The scientific basis of clinical psychology and the role of evidence-based practice within Clinical Psychology will be examined. This course will also outline the necessary requirements to obtain education and training to become a clinical psychologist. Note: completing this course *does not* give you the qualifications to become a psychologist, conduct psychological therapy or assessment, or provide diagnoses. Many years of post-graduate study and supervised practice are required to perform the aforementioned activities.

After completing this course, you will be able to:

1. Describe various mental-health professions and identify the role of clinical psychologists in mental health care.
2. Describe the scientist-practitioner model, the bio-psycho-social approach to mental health, and the evolution of evidence-based assessment and intervention in clinical psychology.
3. Identify appropriate assessment and intervention approaches for various populations (e.g., age groups, identity factors) and referral questions. Understand potential limitations of these approaches for individuals from groups that are under-represented in psychological research.
4. Demonstrate an understanding of ethical principles/issues in research and clinical practice for clinical psychologists.

5. Detail the academic and professional requirements and career trajectory of clinical psychologists (including education paths, career settings, subspecialties).
6. Understand the underlying assumptions of the field of Clinical Psychology and engage in self-reflection on your values and beliefs related to the topics covered in class.

<b>Course Evaluation and Grades</b>		
Students who have completed the following elements (A, B, D, E are required components) will be considered to have completed the course:		
<b>A. Midterm #1</b>	<b>20%</b>	The exam will cover all content from July 5-11 inclusive, including content from lectures and readings. The exam is closed book and will consist of multiple choice and fill-in-the-blank questions.
<b>B. Midterm #2</b>	<b>20%</b>	The exam will cover all content from July 13 to 19 inclusive, including content from lectures and readings. The exam is closed book and will consist of multiple choice and fill-in-the-blank questions.
<b>C. Critical Clinical Reflections</b>	<b>10%</b>	Clinical reflections will require you to think critically and respond to a topic related to course material that week. You will be asked to give a 2 to 4 sentence reflection on Brightspace each week. To receive full marks, you need to respond to 5 out of 6 prompts (each worth 2%) by 11:59pm on the day that prompt is due. Late submissions will not count toward your mark. You can skip 1 reflection and still receive full marks. Submission is on Brightspace.
<b>D. Clinical Podcast</b>	<b>25%</b>	This assignment has two parts. First, you will create a 10- to 12-minute podcast that examines one of the topics from the course in more detail. You will upload your podcast on Brightspace by <b>July 23 @ 11:59pm</b> . Second, when all the podcasts are compiled, you will then listen to two of your classmate's podcasts and write a brief 1-page reflection of what you learned (to be submitted by <b>July 28 @ 11:59pm</b> ). See grading rubric on Brightspace for more information about the assignment. Please contact me if you have any concerns, questions, or limitations that might affect this assignment.
<b>E. Final Exam</b>	<b>25%</b>	The exam will cover all content material from all classes, including content from lectures, readings, and videos. The exam is closed book and will consist of multiple choice, short answer, and fill-in-the-blank questions

Failure to complete one or more of elements A, B, D, E will result in a grade of "N" regardless of the cumulative percentage of all other elements of the course. N is a failing grade and factors into GPA as a value of 0. It is the student's responsibility to attend in-class midterms and the in-class exam as scheduled. Students who miss an in-class midterm or exam will receive a mark of zero unless they are ill or experienced an unexpected and unavoidable conflict. If you miss an exam due to any of these reasons, you must notify me within 2 days of the missed exam. Please see UVic's policies on academic concessions: <https://www.uvic.ca/students/academics/academic-concessions-accommodations/request-for-academic-concession/index.php#ipn-request-an-in-course-extension>

In accordance with the University's policy on academic concessions, "A student who completes all course requirements is not eligible for an academic concession". Consequently, students can only request deferrals for the completion of required course components and not for non-essential course components.

Please contact me at any time during the semester if there is a problem that is negatively affecting your course performance. The sooner you reach out the sooner we can develop a plan to help you succeed in this class.

### Course Schedule

This schedule is tentative as the pace of the course and content covered each class may vary. The examination dates will remain fixed. All assigned readings are to be completed before the class that they are attached to. Please see Important Dates section for due dates.

Note: Optional readings and materials (e.g., podcast episodes, websites) will be assigned in addition to textbook chapters.

**Respect for Diversity** I support an inclusive classroom experience where diversity and individual differences are respected, appreciated, and recognized to be a source of strength. I expect that students, instructors, and teaching assistants will show the utmost respect for individual differences. Please let me know if something said or done in the classroom, by either myself or other students, is particularly troubling or causes discomfort or offense. In extending respect, I endeavour to create a positive learning experience by being available to answer questions, discuss materials, and foster your learning experience.

**Respectful Behaviour** Throughout the course, students and the instructor may choose to share or disclose personal information. It is important for you to consider what and when you share. There is no way to guarantee confidentiality in a large in-person class and as such, please evaluate your self-disclosures carefully. The ability to maintain this stance is necessary to ensure the safety of all students.

**Attendance** It is expected that you will attend all classes. If, due to unforeseen circumstances, you must miss a class, please obtain the missed material from a classmate. I can provide information on specific questions, but a make-up class or class notes will not be provided. Teaching assistants are also able to answer content-related questions.

**Academic Integrity** Please read and respect UVic's policies on academic integrity. One of the aims of UVic's academic integrity policies is to ensure that the work that students submit is their own. As we all adjust to a post-ChatGPT world, I request that students refrain from using AI to generate any of their written work for this course (including podcast scripts). Assignments for this class will be evaluated in part on the degree to which critical thinking and self-reflection are employed to create a nuanced final product.

## Sexualized Violence Prevention and Response at UVic

UVic takes sexualized violence seriously, and has raised the bar for what is considered acceptable behaviour. We encourage students to learn more about how the university defines sexualized violence and its overall approach by visiting [www.uvic.ca/svp](http://www.uvic.ca/svp). If you or someone you know has been impacted by sexualized violence and needs information, advice, and/or support please contact the sexualized violence resource office in Equity and Human Rights (EQHR). Whether or not you have been directly impacted, if you want to take part in the important prevention work taking place on campus, you can also reach out:

# UNIVERSITY OF VICTORIA

## Department of Psychology Important Course Policy Information Summer Session 2023

### **Accessible Learning**

The University of Victoria is committed to creating a learning experience that is as accessible as possible. If you anticipate or experience any barriers to learning in this course, please feel welcome to discuss your concerns with me. If you have a disability or chronic health condition, or think you may have a disability, you may also want to meet with an advisor at the [Centre for Accessible Learning](#) (CAL).

### **Attendance and Absences**

**Attendance is important.** Students are expected to attend all classes in which they are enrolled. Students may be assigned a final grade of N or debarred from writing final examinations if they fail to satisfy a minimum attendance requirement set by the instructor for lectures, laboratories, online course discussions or learning activities, tutorials, or other learning activities set out in the course outline.

Medical documentation for short-term absences is **not required** (approved by Senate). Students who cannot attend due to illness are asked to notify their instructors immediately. If illness, accident, or family affliction causes a student to miss the final exam or to fail to complete any required assignment/assessment by the end of the term students are required to submit a request for academic concession (see below).

### **Children and Pets**

If you need to bring your children or pet to class, please do not hesitate to do so. It is understood that sometimes this is necessary due to care circumstances. However, please aim to have minimal class disturbance so that student learning is not impacted.

### **Class Recording and Auto-Captioning Statement**

The instructor may record class sessions and those recordings may be made available to all students in the class via Brightspace. If you have questions or concerns regarding class recording and privacy please contact [privacyinfo@uvic.ca](mailto:privacyinfo@uvic.ca)

Auto-generated captioning may be enabled in this course. Auto-captioning is highly error-prone, especially for specialized terminology and proper names. Students are asked to refer to the audio feed for clarification of any errors. If you find captioning errors that are offensive, please contact your instructor and/or teaching assistant so that they are aware. If you require captions as part of an academic accommodation, please contact [CAL](#).

### **Commitment to Inclusivity, Diversity, and Respectful Environments in the Classroom and Online**

The University of Victoria is committed to providing a positive and supportive and safe learning and working environment for all its members. All members of the university community have the right to this experience and the responsibility to help *create* such an environment. The University will not tolerate racism, sexualized violence, or any form of discrimination, bullying, or harassment.

Please be advised that, by logging into UVic's learning systems or interacting with online resources and course-related communication platforms, you are engaging in a University activity.

All interactions within this environment are subject to the university expectations and policies. Any concerns about student conduct may be reviewed and responded to in accordance with the appropriate university policy.

To report concerns about online student conduct: [onlineconduct@uvic.ca](mailto:onlineconduct@uvic.ca)

## Copyright

All course content and materials are made available by instructors for educational purposes and for the exclusive use of students registered in their class<sup>1</sup>. The material is protected under copyright law, even if not marked with ©. Any further use or distribution of materials to others requires the written permission of the instructor, except under fair dealing or another exception in the Copyright Act. Violations may result in disciplinary action under the [Resolution of Non-Academic Misconduct Allegations policy \(AC1300\)](#) or the [Academic Integrity Policy](#), whichever is more appropriate for the situation.

## Course Experience Survey (CES)

I value your feedback on this course. Toward the end of term, you will have the opportunity to complete a confidential course experience survey (CES) regarding your learning experience. The survey is vital to providing feedback to the instructor regarding the course and their teaching, as well as to help the department improve the overall program for students in the future. When it is time for you to complete the survey, you will receive an email inviting you to do so. If you do not receive an email invitation, you can go directly to <http://ces.uvic.ca>. You will need to use your UVic NetLink ID to access the survey, which can be done on your laptop, tablet or mobile device. You will be reminded nearer the time, but please be thinking about this important activity, especially the following three questions, during the course.

1. What strengths did your instructor demonstrate that helped you learn in this course?
2. Please provide specific suggestions as to how the instructor could have helped you learn more effectively.
3. Please provide specific suggestions as to how this course could be improved.

## Disclaimer

The above schedule, policies, procedures, and assignments in this course are subject to change in the event of extenuating circumstances.

## Grading

In classes that are based on a percentage grading scheme, the following [Undergraduate Grading Scale](#) is used

Grade	A+	A	A-	B+	B	B-	C+	C	D	F
Percentage	90-100	85-89	80-84	77-79	73-76	70-72	65-69	60-64	51-59	< 50
GP Value	9	8	7	6	5	4	3	2	1	0

Rounding is only applied to the final grade and is rounded up at the 0.5% level (e.g., 84.49% is round to 84% and 84.50% is rounded to 85%).

## Medical Documentation for absences

No medical documentation for short-term absences is required (Approved by Senate).

If you are seeking a Withdrawal Extenuating Circumstances or an Aegrotat grade, medical documentation may be required if relevant.

## Ombudsperson and Academic Concerns

From the course calendar...

*Depending on the nature of the academic matter of concern to the student, the order in which the student should normally try to resolve the matter is: first, the course instructor; second, the Chair of the department; third, the Dean of the faculty; and finally, the Senate.*

If you are having an academic concern or problem that cannot be resolved with your instructor or the Department Associate Chair, you may wish to consult with the Office of the Ombudsperson (<https://uvicombudsperson.ca>). Current contact information for the office can be found here <https://uvicombudsperson.ca/contact/>.

## Policy on Academic Integrity including Plagiarism and Cheating

The Department of Psychology fully endorses and intends to enforce rigorously the [Senate Policy on Academic Integrity](#). It is of utmost importance that students who do their work honestly be protected from those who do not. Because this policy is in place to ensure that students carry out and benefit from the learning activities assigned in each course, it is expected that students will cooperate in its implementation.

The offences defined by the policy can be summarized briefly as follows:

1. **Plagiarism.** You must make sure that the work you submit is your work and not someone else's. There are proper procedures for citing the works of others. The student is responsible for being aware of and using these procedures.
2. **Unauthorized Use of an Editor.** The use of an editor is prohibited unless the instructor grants explicit written authorization.
3. **Multiple Submission.** Only under exceptional circumstances may a work submitted to fulfill an academic requirement be used to satisfy another similar requirement. The student is responsible for clarifying this with the instructor(s) involved.
4. **Falsifying Materials Subject to Academic Evaluation.** This includes falsification of data, use of commercially prepared essays, using information from the Internet without proper citation, citing sources from which material is not actually obtained, etc.
5. **Cheating on Assignments, Tests, and Examinations.** You may not copy the work of others in or out of class; you may not give your work to others for the purpose of copying; you may not use unauthorized material or equipment during examinations or tests; and you may not impersonate or allow yourself to be impersonated by another at an examination. The Department of Psychology has a policy of not making old examinations available for study purposes. Therefore, use of old exams without the express written permission of the instructor constitutes cheating by the user, and abetting of cheating by the person who provided the exam.
6. **Aiding Others to Cheat.** It is a violation to help others or attempt to help others to engage in any of the conduct described above.

**The use of a generative artificial intelligence (AI) is strictly prohibited** in any submitted work (unless expressly endorsed by the instructor as part of an assignment). The Department reserves the right to use AI detectors.

Instructors are expected to make every effort to prevent cheating and plagiarism. This may include the assignment of seating for examinations, asking students to move during examinations, requests to see student identification cards, and other measures as appropriate. Instructors also have available to them a variety of tools and procedures to check for Internet and electronic media-based cheating. In instances of suspected or actual plagiarism or cheating, instructors, following prescribed procedures, are authorized to take steps consistent with the degree of the offence. These measures will range from a zero on the test or assignment or a failing grade for the course, probation within a program to temporary or even permanent suspension from the University.

Rights of Appeal are described in the Policy on Academic Integrity in the University calendar Summer 2023.

1. The Ombudsperson's office: <https://uvicombudsperson.ca/academic-integrity/>  
The [Office of the Ombudsperson](#) is an independent and impartial resource to assist with the fair resolution of student issues. A confidential consultation can help you understand your rights and responsibilities. The Ombudsperson can also clarify information, help navigate procedures, assist with problem-solving, facilitate communication, provide feedback on an appeal, investigate and make recommendations. Phone: 250-721-8357; Email: [ombuddy@uvic.ca](mailto:ombuddy@uvic.ca); Web: [uvicombudsperson.ca](http://uvicombudsperson.ca).

## Prerequisites

Students who remain in courses for which they do not have the prerequisites do so at their own risk. Students who complete courses without prerequisites ARE NOT exempt from having to complete the prerequisite course(s) if such courses are required for the degree program.

## Program Requirements

For more information see the [UVic Calendar](#).

## Registration Status

Students are responsible for verifying their registration status. Registration status may be verified using My Page, View Schedule. Course adds and drops will not be processed after the [deadlines](#) set out in the current UVic Calendar.

Students who do not attend classes must not assume that they have been dropped from a course by an academic unit or an instructor. Courses that are not formally dropped will be given a failing grade, students may be required to withdraw and will be required to pay the tuition fee for the course.

## Request for Academic Concessions: In the Event of Illness, Accident or Family Affliction

Request for Academic Concession form: <http://www.uvic.ca/registrar/assets/docs/record-forms/rac.pdf>

- **What to do if you miss the final exam scheduled during the formal exam period**  
Apply at Records Services for a “Request for Academic Concession”, normally within 10 working days of the date of the exam. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation (for example, a deferred exam). Where a concession is not applied for or where such application is denied, an N grade will be entered on the student’s academic record.
- **What to do if you miss an exam other than one scheduled during the formal exam period**  
Do not apply at Records Services for a “Request for Academic Concession”. Instead, contact your course instructor (or designated teaching assistant) to let them know why you missed the exam. Medical documentation is not required.
- **What to do if you require additional time to complete course requirements**  
Apply at Records Services for a “Request for Academic Concession”, normally within 10 working days of the end of the course. Records Services will forward the form to the instructor. If the concession is granted, the instructor will determine how to deal with the situation. Where a concession is not applied for or where such application is denied, an N grade will be entered on the student’s academic record if the missing work has been deemed required. Note, only required course components may be deferred.

## Research Participation Opportunities with the Department of Psychology

The Department of Psychology offers multiple opportunities to participate in research studies over the year. Students are encouraged to learn more about the field of psychology by volunteering in these studies. Information about studies can often be found posted on notice boards around the Department as well as through our Participant Pool webpage at <https://www.uvic.ca/socialsciences/psychology/research/participants/>.

## Student Support Services

[Learn Anywhere](#) is the student support portal for a full range of student academic and support services. Services include: [Centre for Academic Communication](#), [Math & Stats Assistance Centre](#), [Counselling Services](#), [Health Services](#), [Library](#), [Ombudsperson](#), and [Computer Help Desk](#)

## This classroom is a trans-inclusive space

Please indicate if you have a preferred name and pronoun that you’d like to be used in the classroom. Please e-mail your instructor or your TA if you would like to discuss the climate of this classroom for trans students. Gender neutral bathrooms are available at UVic.

## University of Victoria Students' Society (UVSS)

The [UVSS](#) is a social justice based non-profit run by students, for students and is entirely separate from UVic. As an undergrad student, you are already a member! We work on issues affecting students such as affordability, public transit, sexualized violence, sustainability, student employment, and much more. We fund clubs and course unions, and have several advocacy groups. We also have a Food Bank and Free Store, a Peer Support Centre, and run your health and dental plan. We are here to support you, so please reach out to us at [uvss.ca](mailto:uvss.ca)!
