Dear Applicant,

Thank you for taking the time to apply for the UVic Student Ambassadors campus or global service project fund.

Since 2004, the UVic Student Ambassadors have contributed over $40,000 back to campus by supporting a campus service project with the goal of making campus a better place. Be it new chairs in the library, new Clearihue A and C wing study space or campus water fountain adaptors, the Student Ambassadors has always worked towards improving the student experience on campus.

In 2009, we extended our vision beyond campus and started a global service project initiative. To-date, the Student Ambassadors has supported Canadian and International organizations mainly in their humanitarian efforts to improve and protect human lives.

We are proud of our achievements and the opportunity given to us by which we can touch lives on and off campus directly. In keeping with that tradition in 2018, we are providing a funding opportunity for UVic course unions and clubs to give back to others as well.

If you or your organization believes that your projects/visions/ideas are in keeping with that of ours, we encourage you to apply for funding from the UVic Student Ambassadors by filling out the funding applications attached.

Sincerely,

UVic Student Ambassadors
