Campus Plan Update Objectives

STRATEGIC PLAN OBJECTIVE 34 a:

“update, renew and implement our Campus Plan to ensure that it guides the physical development of the university in a manner that supports our core mission and institutional strategic priorities.”

Campus Plan Update Objectives

- support the University's Academic Mission
- respect and build on the history, legacy, vision and principles that have shaped campus development over the last fifty years
- serve the diverse academic, research and social needs and interests of the campus community
- serve as a framework for future decision making
- provide for flexibility in responding to changing campus needs
- accommodate future campus growth and address specific key issues arising from the current Plan
- full engagement with the campus and external community
