

UVic Campus Plan Update Photo Contest Submissions

The Campus Plan Update process is about collecting your ideas on how the campus could evolve over the next 10 years. It will create a refreshed vision and set of directions for future campus development.

The Photo Contest created the opportunity for students, staff, faculty, community members, and alumni to share their ideas through photos. It was open from January 14th to February 22nd 2015.

We received 100 photos that featured favourite places to interact with others on campus, whether it be for group study, research collaboration, or to exchange ideas and inspiration.

All contributors were entered into a draw to win a \$100 gift card to the University of Victoria Bookstore. Also, a selection of photos will be included in future Campus Plan materials, with photo credits. Our hope is to use as many photos as possible. Once incorporated, photographers will be contacted by email so that they are informed of the use of their photos.

Thank-you to everyone that shared ideas through photos! All submissions are enclosed.
