Message from the President

As president of the University of Victoria, I am delighted to have the opportunity to congratulate you on your great accomplishments.

Graduation is certainly an occasion to celebrate, and a time to think about your future, but this is also an opportunity to reflect on your experiences. It is a time to think back on your many challenges, achievements and the people who helped you make it this far.

Be proud of your accomplishments, your connections, and of your new abilities to face challenges in many creative ways. As UVic graduates, you are community-minded, resilient and work-ready—and more than capable to use your skills to create positive impact for yourself, your community and beyond.

As I reflect on your stories of success and all that you have achieved, I feel very optimistic about your capacity to be the leaders of tomorrow—leaders who can help deliver critical social, economic and environmental change in our local communities and around the world. The world needs your leadership, your talents, and the compassion and determination you have used to come this far.

We are always stronger together, so remember those who took this journey with you as you work toward a future of shared prosperity. As UVic alumni, you will continue to be an important part of our close-knit community. Stay connected with us and those you've met along the way as you set off on your next path in life.

To the graduates of 2024, and on behalf of the entire University of Victoria, I offer each and every one of you my heartfelt congratulations on your success and best wishes for the future.

Kevin Hall, PhD
President and Vice-Chancellor

Message from the Chancellor

Congratulations graduates! Thank you for the effort and sacrifice that have brought you here today. I'm honoured to share this joyful occasion with you as you walk across the convocation stage. Now is a time to reflect on all your hard work, to be grateful for the countless supporters who have helped you along the way and to turn your attention to new beginnings.

Be certain in the knowledge that the people of the University of Victoria, faculty, staff, and I are immensely proud of you. In your time with us, you have explored the depths of knowledge and understanding, and persevered in an especially challenging time. This is no small achievement. Have confidence in the skills and character you've developed, they will serve you well in the years ahead.

Be especially proud to carry with you the special knowledge of the land the university is built upon—that of the Ləkʷəŋən territory—and gratitude to the Songhees, Esquimalt and WSÁNEĆ peoples who have welcomed us here. This is something to share and not forget.

This occasion is not a goodbye. As you embark on your new journey, I encourage you to remain connected with your classmates and your teachers, to keep the local and global UVic community vibrant in the years ahead.

As a graduate of the University of Victoria myself, I am heartened when I think of our motto, A multitude of the wise is the health of the world, knowing the world is better because you were here. I truly believe it will become better still as you make your way forward and pursue your respective futures as skilled practitioners, critical thinkers and citizens.

Thank you and good luck!

Hon. Marion R. Buller, C.M.
Chancellor

Fostering Respect and Reconciliation

In our ongoing efforts to foster respect and reconciliation, we begin the convocation ceremonies by acknowledging the territory the university stands on and by honouring the graduates with traditional songs. As our graduates are drummed into the ceremony, we are reminded of the strength and vision of those who have lived on this land since time immemorial.

CEREMONIAL FURNISHINGS

The ceremonial furnishings are a visible way to demonstrate our commitment to respecting the connection Indigenous peoples have with their ancestors, cultures and land. Created through a collaboration among 12 artists and completed in 1994, these furnishings were a gift of the late Dr. Michael C. Williams. The style and imagery of these pieces draw from the stories and artistic traditions of several Northwest Coast First Nations.

CHANCELLOR'S CHAIR

Carvers Art Thompson (Nuu-chah-nulth), Calvin Hunt (Kwakwaka'wakw), Norman Tait (Nisga'a), Don Yeomans (Haida) and John Livingston collaborated with weavers Ann Smith (Tutchone-Tlingit) and Cheryl Samuel on the Chancellor's chair.

CHIEF SPEAKER'S STAFF

The Chief Speaker's staff was designed and carved by Richard Hunt (Kwakwaka'wakw).

RAVEN LECTURN

The raven lectern was designed and carved by John Livingston.

KNEELING STOOL

The kneeling stool was created by weaver Roberta Louis (Musqueam), and carvers Susan Point (Musqueam) and Glenn Tallio (Nuxalk).

KNEELING FIGURE MACE STAND

The kneeling figure mace stand was designed and carved by Tom Hunt (Kwakwaka'wakw).

Our History

The University of Victoria's roots go back to 1903, when Victoria College opened its doors—shared with Victoria High School—to seven students taking first- and second-year McGill University courses in English, French, Greek, Latin, mathematics and physics. The college closed in 1916 when the provincial government established the University of British Columbia. But with the return of soldiers from World War I, there was a desperate need for post-secondary education, and Victoria College reopened in 1920, with 75 students taking courses from the first two years of UBC's Arts program.

Within months, the college moved into Craigdarroch Castle, where it remained until 1946, when another post-war influx of students swelled the student body to 600, an unmanageable number for the castle's already cramped quarters. A large student protest resulted in Victoria College sharing space with the Victoria Normal School, at what is today the Lansdowne campus of Camosun College. In the mid-1950s, the Victoria Normal School became Victoria College's Faculty of Education. Still growing, in 1959 the college purchased the land from the federal Department of National Defence and the Hudson's Bay Company for the Gordon Head campus. Opening the first building on the campus (the Clearihue Building) in 1962, Premier W.A.C. Bennett announced that Victoria would finally get a university. The University of Victoria was born in 1963, and Victoria College was no more.

The student body grew rapidly as new faculties, programs and buildings were added. The McPherson Library opened in 1964, and the Faculty of Graduate Studies was established in 1965, with the university awarding its first PhD in 1969. UVic has gone from strength to strength, in a few short decades becoming the vibrant, dynamic and top-ranked university that it is today, offering Canada's most extraordinary environment for discovery and innovation.

THE COAT OF ARMS

The open book and the arm holding a torch aloft symbolize learning, and the three red martlets are borrowed from the McGill University coat of arms. Above the torch are the Hebrew words for "Let there be light," while the Latin below the shield translates as "A multitude of the wise is the health of the world."

*"A multitude
of the
wise is the
health of
the world."*

Academic Traditions

The spring and fall convocation ceremonies are formal academic occasions when the university's rich traditions are displayed.

THE COLOURS

The regalia worn by UVic graduates reflect the type of degree they are receiving. All graduates receiving bachelor's and master's degrees wear black gowns and mortarboards, with hoods in the colour associated with their degree. The master's hoods also have a mitred neckpiece and a narrow band of black velvet. The doctoral gown is in Cambridge style, with red front facings and sleeve linings, the mortarboard is black with a red tassel, and the hood, in the Oxford style, is red with blue lining and gold trim. The regalia for honorary degree recipients is predominantly red. The gown is in the Cambridge style, the hood is in the Aberdeen pattern, and the mortarboard is black velvet with red cord trim and tassel.

Faculty and staff wear the academic dress of their highest degree, from the institution where they earned it. The Chancellor's gown is of purple corded silk, trimmed with purple velvet and gold braid. The headdress can be a matching purple velvet cap with gold trim in Tudor style or a black velvet mortarboard trimmed with gold. The President's gown and cap are similar, but in UVic's blue. Members of the Board of Governors wear a black Tudor-style cap with gold tassel and a black gown in the traditional bachelor's degree style, with gold sleeve linings. The Chair's gown is similar, but with gold front facings as well.

UVic's official colours are blue and gold. The red hood worn by arts graduates reflects UVic's early affiliation with McGill University; the science graduates' gold hood and education graduates' blue hood are reminiscent of the affiliation with the University of British Columbia.

THE UNIVERSITY MACE

In the Middle Ages, the mace was a large spiked metal ball on a chain and was used not only to recognize people of rank and authority at an assembly but also to protect them. Today, the university mace symbolizes the Chancellor's authority to confer degrees.

The mace rests in its cradle in front of the Chancellor's position on the platform. As presiding officer, the Chancellor steps forward to declare, "The convocation is duly assembled for the granting of degrees." The mace remains in place for the duration of the ceremony.

A gift from the Victoria College graduating class of 1961 to commemorate the first convocation held at the Gordon Head campus, the university mace was created by Jefferies Silversmiths, a local company. The shaft is made from Douglas fir, and the weighted head (reminiscent of the weapon of old) is of silver over copper. The head is encircled by dogwood blossoms, with a raised hand holding a lighted torch above. The coat of arms is engraved on the side of the head.

THE ORATOR'S STOLE

When presenting their citations for honorary degree recipients, university orators wear a blue stole with a white martlet on the left end and stripes of red and yellow on the right.

THE PLEDGE

The Chancellor addresses the candidates: *"Graduates, will each of you accept the degree to which you are entitled, with its inherent rights and privileges and the responsibility and loyalty which it implies?"*

Each candidate replies, *"I accept this degree, with its inherent rights and privileges and the responsibility and loyalty which it implies."*
