

CO-OP + CAREER

HIRING CO-OP STUDENTS

Biology

You can hire UVic co-op students studying biology and many other programs for work terms beginning in January, May and September.

Students are skilled, enthusiastic and ready to work for organizations like yours!

Biology co-op student Bryn Armstrong worked as a wildlife assistant with the BC SPCA Wild Animal Rehabilitation Centre (Wild ARC).

How our students stand out

Biology students specialize in a range of disciplines, including:

- + Marine biology
- + Fisheries
- + Forestry
- + Resource management
- + Ecotourism
- + Environmental monitoring
- + Pest management
- + Wildlife assessment and tracking
- + Botany
- + Microbiology
- + Genetics
- + Medical research

In the lab, they learn:

- + Logic and report-writing skills
- + Plant and animal taxonomy
- + Microscopy and aseptic techniques
- + Cellular biology and biochemistry

On the job, students can apply their skills in:

- + Field and lab research
- + Monitoring and management
- + Project planning and implementation
- + Data analysis and literature review
- + Report preparation
- + Public speaking and teaching

Some of our biology co-op students have held these positions:

- + Assistant wildlife biologist—Parks Canada
- + Biological weed and pest control assistant—CABI
- + Camp instructor—Science Venture
- + Environment regulatory and sustainability co-op—Devon Energy
- + Eulachon assessment/pelagic ecosystems—Fisheries and Oceans Canada
- + Junior wildlife rehabilitator—BC SPCA Wild Animal Rehabilitation Centre
- + Naturalist/guide—Marine Science Centre
