

CO-OP + CAREER

Economics Co-op

At UVic, learning extends beyond the classroom. Through co-operative education, you can complement your studies with paid co-op terms working for exciting employers in positions related to your field of study.

Join Economics Co-op to learn what you can do with your degree, try different jobs, build professional skills and expand your network of contacts. Co-op can bring life to your studies and help you prepare for your future career!

University
of Victoria

Social sciences co-op student Andrew de la Chevrotiere Borchert worked as a mortgage administrative assistant at Peak to Peak Mortgage in Squamish, BC.

Economics Co-op

Flexible co-op scheduling

Co-op terms begin in January, May and September and placements are typically four months long. You can choose to do co-op in any term or do multiple co-op terms in a row, and can complete 1 to 3 co-op terms—the third will earn you a Co-op designation on your degree. Talk to us about how you can best fit co-op into your schedule!

Work and learn—anywhere!

You could develop your skills in a government setting, a private business or a non-profit in areas like data analysis, research, investment and wealth management, education or health. Our co-op students contribute to exciting projects at a wide variety of organizations in Victoria, across Canada and around the world.
