

CAREER COMPARISON WORKSHEET

After you've done some research, this worksheet can help you compare different career options to see which might be the best fit.

- + List each career option in the column on the left.
- + Score the five categories for each career out of 20 and add your notes. Total the scores in the final column.
- + Compare the totals for each career option and note which ones are the highest and lowest.

Career Option	Alignment with my career motivators ___/20	Fit with my experience and education ___/20	Fit with other factors: location, salary, etc. ___/20	Prospects for working in this career ___/20	My gut feeling about how this career fits me ___/20	Rating total ___/100
