## NATURAL SCIENCE ELECTIVES

### BACHELOR OF SOFTWARE ENGINEERING

Effective April 2023

Any two of the following courses are acceptable for use in satisfying the Natural Science elective requirement of the BSEng program. Depending on the first course taken, some additional courses may also be suitable for use to satisfy this requirement. Students should contact the Academic Advisor about the possible use of other courses. You are responsible to make sure that you are using the most up to date version of this list available on the UVic Engineering website under Current Students/Resources/Forms.
