This four-year program provides engaging, relevant and high-quality preparation for the responsibilities and challenges of today’s classrooms. The core education courses are offered over three winter sessions commencing with year two.

Students are accepted into year one (directly from high school) and year two of this program. Each entry point has specific admission criteria. You may make yourself eligible for year two entry by completing the first-year courses at UVic or another institution.

Year one includes 12 units of required courses and 3 units of academic electives. All courses must be approved. For more information about approved academic electives visit the program website linked above. 1.5 units is normally equivalent to 3-4 credits at other BC institutions.

Application deadline and first deadline for submission of official transcript(s): February 28
- Information on how to apply is available on UVic’s Faculty of Education web site starting in October at https://www.uvic.ca/education2017/admissions/apply/index.php
- Your transcript(s) must list grades for courses attempted to December 31 and courses in-progress to April 30.

Final official transcript(s) deadline: May 31
- To meet this deadline, all required courses must be completed by April 30.

If you want to take a course not listed here, or take a combination of courses from more than one institution, or if you have taken courses prior to 2017/18, consult UVic Education Advising.
