This handout lists courses offered at Camosun College that you can take to make yourself eligible for admission to the University of Victoria’s four-year elementary teacher education program. The handout is based on the September 2022 University of Victoria Calendar, the Camosun College website, and the online BC Transfer Guide (BCTG). This information is subject to future change.

Tip! When planning your course combinations, it is important to confirm that they do not have overlapping content and that you can receive credit at both the institution(s) offering the courses and UVic. Refer to course descriptions on institution websites for possible notes related to combining courses. Refer to the BCTG (linked above) for information about how courses transfer to UVic as well as notes about course combinations that will not receive credit. It is your responsibility to check the BCTG for the term(s) you are taking coursework to ensure you can expect transfer credit. Note: official transfer credit is still only confirmed by Undergraduate Admission upon admission to UVic.

See admission requirements on our program website: https://www.uvic.ca/education/curriculum/undergraduate/home/programs/elmbed/index.php

What do I need to be eligible for admission?

To be considered for entry to year two, you must satisfy both academic and experience requirements. More details are provided on the faculty website (see link above).

Academic requirements:
- approved coursework in each of English, Canadian studies, mathematics, laboratory science
- minimum UVic C+ average in two approved math courses
- minimum UVic C+ grades in each approved English course
- sessional grade point average of a least UVic C+ based on a minimum of 12 UVic units or eight half-year courses.

These requirements must be completed by April 30th of the year of application so that a final transcript is received at UVic by May 31.

Experience requirement
You’ll need relevant experience working with groups of children in educative ways. Babysitting experience would not satisfy this requirement, but working as a camp counsellor would, for example. Refer to the program website for details about this requirement, including the number of hours required (updated each September for the following year’s intake)

Approved English

- We are not able to accept communications, technical or creative writing courses.
- We can’t accept two English composition/academic writing courses. At least one course must be a literature topic.

- We are not able to accept courses completed more than 10 years prior to program entry.
- We can’t accept pre-calculus or introductory college algebra.

**Approved laboratory science**

We suggest that you choose courses from two subjects to develop a more comprehensive science background. You’ll teach all science subjects in your elementary classroom. The courses you take must include a laboratory component because elementary teachers are encouraged to take a field-based, hands-on approach to teaching sciences.

Select two from:

- BIOL 102 Non-Majors Biology (Diversity)

- We are not able to accept courses completed more than 10 years prior to program entry.
- You will not receive UVic transfer credit for BIOL 102 or BIOL 103 if you have already completed BIOL 124 or BIOL 126.

**Approved academic electives**

This program includes two academic electives related to topics taught in BC schools. You can take these electives in year one or in a summer session prior to year three. Tip! Academic electives must be complete before entering year four of the program.

**Notes:**

- Additional Canadian studies, English, and/or laboratory science courses may be taken as academic electives.
- We suggest that you take one or more French courses because you’ll teach French in your classroom. The BEd program includes EDCI 469 Teaching Oral French. While a university French course is not a prerequisite, it would be beneficial.
- Examples of approved academic subjects include: anthropology, biology, chemistry, computer science, Indigenous studies, gender/women’s studies, geography, geology, history, physics, political studies, psychology, sociology, theatre.
- Examples of courses we cannot accept include career-oriented/professional courses such as child and youth care, teacher education and social work
- Use the BC Transfer Guide [www.bctransferguide.ca](http://www.bctransferguide.ca) to confirm that the courses you want to take transfer to UVic. See the tip at the top of this form (page 1) regarding planning course combinations that do not have overlapping course content.
