**HERO4 Pairing Process:**

**Pairing a HERO4 Black or Silver to the GoPro App for the first time**

1. On your smartphone/tablet, complete these steps:
   - Download GoPro App to your smartphone/tablet from the Apple® App Store or Google Play Store
   - Tap "Connect Your Camera."
   - Tap "Add New Device." *Android - Click "Choose A Device" and then "Add New Device."
   - Tap "HERO4."

2. On your camera, complete these steps:
   - Press the mode button to power on your camera.
   - Press the mode button until you highlight "Setup," then press the shutter button to select it.

3. On the app, tap "Continue."
4. On the camera, complete these steps:
   - Press the shutter button twice to **turn on Wi-Fi.**
   - Press the mode button to highlight “Pair,” then press the shutter button to select it.

5. On the app, tap "Continue."
6. On the camera, press the shutter button to select "GoPro App."
7. On the app, complete these steps:
   - Tap “Continue.”
   - Enter the **PIN** that is listed on the camera’s LCD screen, then tap “Pair.”
   - Enter a **name and password** for your camera.
   - Tap “Update Your Camera.”

8. For iOS users: Go to Settings > Wi-Fi on your phone and select your **camera name**, **enter the password**, then return to the app. You will see a blue dot next to the camera name indicated that it is connected.
9. Tap your camera name to connect to the camera’s Wi-Fi network and you are all set!
