## RESUBMISSION INCENTIVE AWARD GUIDELINES

### RESUBMISSION INCENTIVE AWARDS

Resubmission Incentive Awards (formerly known as “4A”) are made to Faculty members who receive a high ranking in adjudication of major funding applications for the purpose of reworking and resubmitting the application.

- The Awards apply to major Tri-Agency funding competitions: CIHR Project and Foundation applications invited to the second stage; unfunded NSERC Discovery applications; and SSHRC Insight, Insight Development, Partnership Development, Partnership Engage and Connection Grant competitions. Faculty members may request that other funding opportunities be considered for eligibility.
- Resubmission Awards are made for applications that are ranked in the 3rd sextile or higher (or equivalent – with the exception of NSERC Discovery) but remain unfunded and will be reworked and resubmitted in the next competition.
- The Dean’s Office will contact eligible faculty members upon announcement of competition results; there is no requirement to apply.
- Faculty members may receive up to two Resubmission Awards for the same project. The value of the first Award is \$1500; the value of the second Award is \$700. Awards must be spent within 6 months of their receipt. Faculty members may apply for an extension of the use of the award.

Resubmission Awards are dependent on availability of funds. Awards will be made on a first come, first served basis, and award amounts may be reduced for purposes of equity.
