

### Environmental Education Impact Award

An award is given to an undergraduate student continuing in the Faculty of Education who is actively engaged in educating others in sustainable practices to help create social change to address the environmental issues facing society. Applicants must submit a letter (maximum 500 words) outlining how they are engaged in action projects (interactive, educational, and address sustainability issues) or in educating others in sustainable practices. In addition, applicants must submit two letters of reference (maximum 300 words) demonstrating the impact of this work in either the classroom or the community. Approval of the recipient is made by the Senate Committee on Awards upon the recommendation of the Faculty of Education.

**Check the following boxes that are applicable:**

- I am actively engaged in educating others in sustainable practices to help create social change to address the environmental issues facing society.
- I have attached a letter (maximum 500 words) outlining how I am engaged in action projects (interactive, educational, and address sustainability issues) or in educating others in sustainable practices.
- I have attached two letters of reference (maximum 300 words) demonstrating the impact of my work in either the classroom or the community.

**Incomplete applications will not be considered.**
