How to transfer photos from iPhone to MAC

The easiest way is by using the Image Capture app:

1. unlock and connect your iPhone or iPad to your Mac

2. on your iPhone or iPad, click “Trust” or “Allow”

2. open Image Capture from the apps list of search line:
3. in the Image Capture window, select the location for imported files:

4. in the Image Capture window, select the files you want to transfer and then click “Import.” Additionally, you can simply drag the files to you Desktop, or other desired location:
