

Pre-admission requirements handout

Bachelor of Education Elementary Curriculum
Faculty of Education
University of Victoria

This handout lists courses offered at **Selkirk College** that you can take to make yourself eligible for admission to the University of Victoria's four-year elementary teacher education program. The handout is based on the [September 2018 University of Victoria Calendar](#), the [Selkirk College](#) website, and the online [BC Transfer Guide](#). This information is updated annually.

Consult UVic Education Advising if you want to take a combination of courses from more than one institution or if you have taken courses prior to 2018/19 that aren't listed here.

What do I need to be eligible for admission?

To be considered for entry to year two, you must satisfy both academic and experience requirements. More details are provided on the faculty website and the UVic calendar (see above for links).

Academic requirements:

- approved coursework in each of English, Canadian studies, mathematics, laboratory science
- minimum C+ average in two approved math courses
- minimum C+ grades in each approved English course
- sessional grade average of a least C+ based on a minimum of 12 UVic units or eight half-year courses.

These requirements must be completed by **April 30th** of the year of application so that a final transcript is received at UVic by May 31.

Experience requirement

You'll need 75 hours of relevant experience working with groups of children in educative ways. Babysitting experience would not satisfy this requirement, but working as a camp counsellor would, for example.

-  We won't accept pre-calculus or introductory college algebra.

Approved laboratory science

We suggest that you choose courses from two subjects to develop a more comprehensive science background. You'll teach all science subjects in your elementary classroom.
