Pre-admission requirements handout
Bachelor of Education Elementary Curriculum
Faculty of Education
University of Victoria

This handout lists courses offered at North Island College that you can take to make yourself eligible for admission to the University of Victoria’s four-year elementary teacher education program. The handout is based on the September 2019 University of Victoria Calendar, the North Island College website, and the online BC Transfer Guide. This information is subject to future change.

Tip! When planning your course combinations, it is important to confirm that they do not have overlapping content and that you can receive credit for all of your selected courses at both the institution(s) offering the courses and UVic. Refer to course description on institution websites, which contain notes about course combinations, and the BC Transfer Guide (link above), which provides information about how courses transfer to UVic and notes about course combinations that won’t receive credit.

For complete information about the admission, experience, and program requirements, refer to our website:
• Faculty of Education <https://www.uvic.ca/education/curriculum/undergraduate/home/programs/elmbed/index.php>

What do I need to be eligible for admission?

To be considered for entry to year two, you must satisfy both academic and experience requirements. More details are provided on the faculty website (see link above).

Academic requirements:
• approved coursework in each of English, Canadian studies, mathematics, laboratory science
• minimum UVic C+ average in two approved math courses
• minimum UVic C+ grades in each approved English course
• sessional grade average of a least UVic C+ based on a minimum of 12 UVic units or eight half-year courses.

These requirements must be completed by April 30th of the year of application so that a final transcript is received at UVic by May 31.

Experience requirement
You’ll need 75 hours of relevant experience working with groups of children in educative ways. Babysitting experience would not satisfy this requirement, but working as a camp counsellor would, for example.

Approved English

Select two from:

• ENG 115 Essay Writing and Critical Analysis
• ENG 116 Essay Writing and Indigenous Perspectives or ENG 117 Academic Writing
• ENG 122 Reading Literature
• ENG 127 Indigenous Literatures in Canada

Notes:
• You’ll need a grade of UVic C+ or higher in each course.
• We can’t accept communications, technical or creative writing courses.
• We can’t accept two English composition/academic writing courses. At least one must be a literature/studies topic.

Approved Canadian studies

Choose courses that focus on the Canadian experience and cover topics taught in the BC elementary social studies curriculum.

Select two from:

• HIS 111 Canadian History: Pre-Confederation
• HIS 112 Canadian History: 1867-1990
• HIS 251 History of Women in Canada, 1920–Present
• POL 119 Canadian Politics

Notes:
• Pan-Canadian topics are recommended.
• No more than one approved regional studies course will be accepted.
• We can’t accept Canadian literature or fine arts courses.

University of Victoria
Education

October 2019
**Approved mathematics**

Select two from:

- MAT 102 Calculus for Life Sciences
- MAT 151 Finite Mathematics
- MAT 162 Math for Elementary Education I
- MAT 163 Math for Elementary Education II
- MAT 181 Calculus I

**Notes:**

- You’ll need a UVic C+ average or higher on two mathematics courses to demonstrate competency in mathematics.
- We suggest you take MAT 162 and 163.
- We may be able to accept maximum one statistics course if that course was taken from a mathematics department.
- We won’t accept courses completed more than 10 years prior to program entry.
- We won’t accept pre-calculus or introductory college algebra.

**Approved laboratory science**

We suggest that you choose courses from two subjects to develop a more comprehensive science background. You’ll teach all science subjects in your elementary classroom. The courses you take must include a laboratory component because elementary teachers are encouraged to take a field-based, hands-on approach to teaching sciences.

Select two from:

- BIO 102 Principles of Modern Biology II
- BIO 103 Principles of Modern Biology I
- BIO 111 Concepts in Biology II (Inhabiting the Earth)— see notes
- BIO 160 Human Anatomy & Physiology I
- CHE 110 Chemical Principles I
- CHE 111 Chemical Principles II
- SSA 100 Introduction to the Solar System and Space Exploration

**Notes:**

- We recommend courses with a weekly 3-hour lab, but will accept those that average at least 1.5 hours lab time a week.
- BIO 111: if paired with another BIO (102, 103, or 160) it must be taken first; otherwise we suggest pairing this course with a different science.
- We won’t accept more than one human anatomy/physiology course.
- We won’t accept courses completed more than 10 years prior to program entry.

**Approved academic electives**

This program includes two academic electives related to topics taught in BC schools. You can take these electives in year one or in a summer session following years one, two or three. Tip! You must complete both academic electives before entering year four.

**Notes:**

- Additional Canadian studies, English, and/or laboratory science courses may be taken as academic electives.
- We suggest that you take one or more French courses because you’ll teach French in your classroom. The BEd program includes EDCI 469 Teaching Oral French. While a university French course is not a prerequisite, it would be beneficial.
- Examples of approved academic subjects include: anthropology, biology, chemistry, computer science, First Nations Studies, gender/women’s studies, geography, geology, history, physics, political studies, psychology, sociology, theatre.
- Use the BC Transfer Guide [www.bctransferguide.ca](http://www.bctransferguide.ca) to confirm that the courses you want to take transfer to UVic. See the tip at the top of this form (page 1) regarding planning course combinations that do not have overlapping course content.

**How and when to apply**

**February 28** – Application deadline. For information on how to apply, visit the Faculty of Education website starting in the fall. Tip! Submit your application in January or February after you’ve finalized your January – April course registration.

**February 28** – First transcript deadline. Transcripts are required for all courses attempted to December 31 and all courses in-progress to April 30.

**May 31** – Final transcript deadline. Transcripts are required for all courses attempted to April 30 (course completion deadline).

**Questions? Contact UVic Education Advising**

- in-person in MacLaurin room A225
- by telephone at (250) 721-7877
- by email at [adve@uvic.ca](mailto:adve@uvic.ca) - we aim to respond to email within five business days
