Notes

- A 1.5-unit course (equivalent to 3-4 credits at most institutions) meets for at least 3 hours per week for 13 weeks (one term).
- At UVic, 'upper-level' refers to 300 and/or 400-level courses normally taken in third and fourth year after introductory studies.

Teachable subject area: Physical and Health Education (PHE)

To qualify for the physical and health education teachable subject area, you'll need the 15 units of specified courses listed below. Those who have completed equivalent course work elsewhere may also be eligible for admission (course descriptions or outlines will be needed). Optional: combine PHE with a second approved teachable subject area.

UVic students may explore taking the courses listed below (and possibly also the specified courses towards another teachable subject area) as follows: **a)** within any faculty's first-degree program either as electives or as the *Minor in Physical & Health Education*, or **b)** as part of the Faculty of Education's *Recreation & Health Education* degree program, or **c)** as part of the Faculty of Education's *Kinesiology* degree program, or **d)** as non-degree studies if an undergraduate degree has already been completed. Consult the academic adviser for your chosen degree program to find out if these courses can be used in your first degree.

You'll find the BC secondary Physical and Health Education curriculum documents on the BC Ministry of Education's website.
