Odd weeks start with week 1 on September 28 and continue at two weeks intervals
Even weeks start with week 2 on October 5 and continue at two weeks intervals
There are no labs the week of October 12 to 16 (Thanksgiving).

**Lab Orientation Sessions**
As ECE250 will be conducted online during this term, there will be no face-to-face Lab Orientation sessions. However, all students are required to complete a number of preparatory tasks and attest to their lab TA that they have completed these tasks. The deadline of completion is September 25, 2020. Details can be found at the course website in the Lab section (Orientation Lab procedures) ([https://www.ece.uvic.ca/~ece250/LabPages.html](https://www.ece.uvic.ca/~ece250/LabPages.html))

### Calculators:
For the exams, you’ll need a **non-programmable, non-graphing** calculator that supports **complex number** arithmetic.

### Online Course Delivery:
As this course will be conducted online during this term, students will need to complete assignments/labs online. The students will require access to a computer which has the following software installed:
(a) Web browser  
(b) TinkerCAD (to be used during the lab) [https://www.tinkercad.com](https://www.tinkercad.com)

Bonus marks

Assignment and Quizzes will be done through MasterimngEngineering

**Important: All deadlines and schedules for this course will reference Pacific Daylight Time until November 1, 2020, and then Pacific Standard Time.**
Note:
- Failure to complete all laboratory requirements will result in a grade of N being awarded for the course.
- To pass the course, the aggregate grade of the midterm and the final must be a passing grade, OR the grade of the final exam must be a passing grade.
- The Assignment, Quiz, and In-Class participation marks will be calculated based on the best marks of \( n - 2 \) assignments (\( n - 4 \) for In-Class participation) for each activity. \( n \) represents the number assignments for each activity.

The final grade obtained from the above marking scheme for the purpose of GPA calculation will be based on the percentage-to-grade point conversion table as listed in the current Undergraduate Calendar.
