

Facilities Notice

Title:	Bob Wright Centre Mechanical evaluation
Location:	Bob Wright Centre (throughout)
Description:	M3 Mechanical Consultants and Facilities Management will be conducting a review of the plumbing and mechanical systems in the Bob Wright Building beginning next week. The inspection will include items such as the sump pumps and valve function, and the engineer has advised that this may create alarms on the BMS System. Please expect to see abnormalities on the system graphic while this inspection is occurring.
Time frame:	September 21st-October 2nd
FMGT contact:	Cort Zawalek, Project Manager
