Title:	22-05571 PCH Building Air Balancing and Repairs
Location:	Monday, April 27: Petch rooms 034, 035, 036, 038 Wednesday, April 29: Petch Rooms 057, 059, 068, 159, 252, 257
Description:	Facilities Management JB Sheetmetal and Rain City Technical have restarted their air balancing efforts in your building. As before, technicians will be shutting down fans servicing rooms in Petch listed above, for one hour and then taking measurements for airflow in the rooms they service after restarting the fans. There may be a need to revisit rooms or shut off the fans again temporarily for testing. Please take the following precautions: 1. Please refrain from using fume hoods during this time. 2. Please store all hazardous chemicals in the appropriate acid or flammable cabinets and wipe up any spills inside fume hoods. Our technicians are unable to tell if a spill is just water or something more serious.
Time frame:	Mon, April 27, 2026: 7:00am-8:00am Shutdown of FE-1 Fan, 7:00am – 1:00pm Room access to PCH 034, 035, 036, 038 Wed, April 29, 2026: 7:00am-8:00am Shutdown of CAF-3B System, 7:00am – 1:00pm Room access to PCH 159, 057, 059, 068, 252, 257 *PCH 159 will be prioritized to finish first
