

Facilities Notice

Title:	Petch Building (#155) Steam Boiler Shutdown
Location:	Petch Building - throughout
Description:	Carmichael Engineering and Facilities Management will be taking the Petch Building's steam boiler offline the morning of Thursday, June 11th to install new valving. This system supplies steam to the autoclaves which may be inoperable for the full day. Please adjust this day's activities around these repairs. We apologize for any inconveniences this may cause.
Time frame:	Thursday, June 11 th , 8:00am-4:00pm
