Title:	Engineering Expansion Project – Campus fire alarm network impacts
Location:	UVic campus buildings on Network B
Description:	With the ongoing work at the Engineering Computer Science Expansion project there have been some temporary changes to our fire alarm network. The network will be displaying a "Network Communication Trouble". This trouble will not affect the operation of the fire alarm system in the building, and there is no need to respond to this message. This is a known trouble condition at the Expansion building and is being displayed across the network.
Time frame:	The timeline for this is trouble on the fire panels will be from <u>June 26th, 2026 until July 24th, 2026.</u>
