Title: Elliott Building – Antenna Maintenance

Location: Elliott Building – Rooftop

Description: The UVic CFAR team, is working on decommissioning an existing antenna located on the rooftop of the Elliott Building. A new antenna system will be installed at the existing location. This phase of work entails disassembling the existing antenna assembly and lowering all pieces down through the building and out for disposal. The teams will be moving through rooms 502 and 503.

Please contact the Stefan Bichlmaier, Grounds Systems Lead with any concerns or questions. We apologize for any inconvenience this work may cause.

Time frame: Thursday, October 1, 2026 – 9:00am – 4:00pm
