Title:	High Voltage Upgrades – Area 3 Buildings 12-Hour Power Outage Sunday, November 29, 2026
Location:	Multiple Buildings: District Energy Plant MacLaurin - Wings A & D MacLaurin B Wing (Music) Medical Sciences Cunningham Outdoor Aquatic Unit Elliott David Lam Auditorium Bob Wright Centre Petch Engineering Lab Wing Engineering Expansion Engineering Office Wing Engineering & Computer Sciences Building
Description:	<p>UVIC FMGT has scheduled a 12-hour electrical outage in these buildings to support critical upgrades to the campus electrical distribution grid. This work is necessary to maintain the reliability of our high-voltage infrastructure and for tie-in into the District Energy Plant.</p> <p>Detailed coordination efforts are underway in preparation for this scheduled outage, including planning with Faculty Administrative Officers and FMGT to verify critical equipment is on generator backup power.</p> <p>Buildings will be closed to the public. Additional communication will be distributed to the broader campus community closer to the date of the outage.</p>
Time frame:	Sunday, November 29, 2026 Exact timing TBD, anticipating 7:00am-7:00pm
