Title: Engineering Lab Wing Building (ELW) – Building Automation System Maintenance

Location: Building #214 – Legacy Controller #38 Upgrade

Description: **Facilities Management has contracted SRD Controls to update the Building Automation System DDC Controller in the fourth-floor mechanical room. This controller is responsible for running air handling unit AHU-B and a few exhaust fans serving room B118 and B120. The building will undergo normal morning warm up prior to the controller being replaced. Temperatures in occupied spaces may fluctuate throughout the day within the North East section of B-Wing.**

Time frame: Tuesday, November 17, 2026
